LISANNE VISSER

mail@lisannevisser.com • linkedin.com/in/lisanne-visser • Berlin, Germany

Senior Product Designer with a research background, specialised in growth and experimentation. Track record of building research culture, leading company-wide initiatives, and hiring and mentoring teams.

EXPERIENCE

Senior Product Designer 11/2025 – Present
Product Designer 09/2023 – 10/2025
Trusted Shops, Remote, Germany

- Grew new business revenue by 43% YoY and product line revenue by 26% YoY in 2025 as UX owner of the consumer membership product (eight-figure revenue, 45M+ members), making it the company's primary growth driver
- Run continuous A/B testing across the sign-up and checkout funnel with marketing and data, and present growth and experimentation results company-wide
- Relaunched the Shopify plugin, an integration with high seven-figure annual recurring revenue
- Established consumer research (internal user pool, new qualitative methods, AI-powered research repository), moving the domain from no initiatives to a monthly cadence since 2024
- Democratised research through regular workshops that enable non-researchers to run studies; facilitate brainstorming and ideation workshops across teams
- Introduced AI-assisted design workflows that cut idea-to-test-launch time from two weeks to two days; contribute to the design system's migration to code (Figma to GitHub)
- Lead AI initiatives as one of 15 AI ambassadors company-wide, from the bottom-up rollout of Figma Make and Claude beyond the design team to an automated design thinking workflow
- Hire growth roles (conversion, customer journey, data analytics) jointly with the hiring manager

Product Designer, Freelance 04/2020 – Present
lisanne.design, Remote, Germany

- Provide UX research, strategy and UX/UI design to B2B and B2C clients across industries, from discovery to shipped product
- Accepted early into the Canva Creators programme

Product Designer 03/2022 – 04/2023
Cargoboard GmbH & Co. KG, Remote, Germany

- Owned the end-to-end relaunch of the company website (140+ pages) as sole product designer, from concept and information architecture to visual design and front-end handoff
- Led the rebrand of the visual identity across digital and print, including new illustration and icon systems, in collaboration with graphic design
- Restructured the website's information architecture and SEO strategy together with marketing
- Built the company's first design system and asset library for website and web app, establishing a unified product experience
- Introduced user research and product testing to the company (interviews, surveys, session recordings, heatmaps)
- Hired graphic design and front-end roles; managed and mentored a working student in UX

Quality Assurance Analyst 11/2020 – 02/2022
TikTok Germany GmbH, Berlin, Germany

- Ran weekly quantitative quality assessments of platform content, consistently exceeding performance targets by 2 to 6%
- Built and launched an e-learning programme for 250+ international employees; promoted to the team's first onboarding manager and onboarded 9 new joiners remotely
- Trained as an interviewer; interviewed and selected candidates with the hiring manager
- Developed a unified data reporting framework for the global User Growth project, supporting its expansion from 3 to 12 markets
- Received a company-wide special contribution award for process improvements

Research Assistant, Part-Time 02/2017 – 08/2019
University of Goettingen, Goettingen, Germany

- Managed data collection, analysis and reporting for an international research project on financial legitimacy; coordinated 10+ expert interviews in the UK and at the European Parliament and the transcription of 80+ interviews for the whole team

Teaching Assistant, Part-Time 04/2014 – 04/2018
University of Goettingen, Goettingen, Germany

- Taught quantitative research methods and social structure analysis to first- and second-year students (25 to 40 per class) and advised on data analysis in SPSS and Stata

Research Intern 01/2015 – 04/2015
Max Planck Institute for the Study of Societies, Cologne, Germany

- Analysed 20 guided interviews and wrote literature reports for a planned publication

EDUCATION

M.A. Sociology, with distinction (GPA equivalent 3.8) 04/2017 – 07/2020
